

Stainless Steel Bellow Expansion Joint

Fig. W900

Specification

Design in accordance with GB/T 12777-2008
Flanges comply with EN1092-2,ISO 7005,GB/T 9119
Testing standards comply with GB/T13927,ISO5208

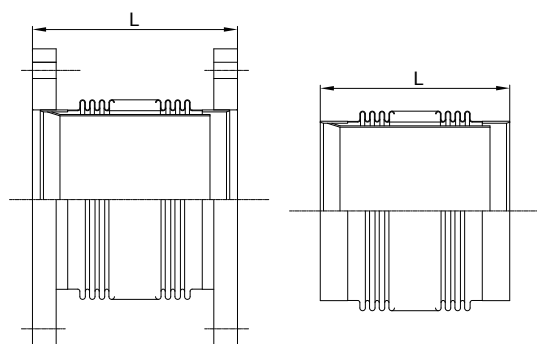

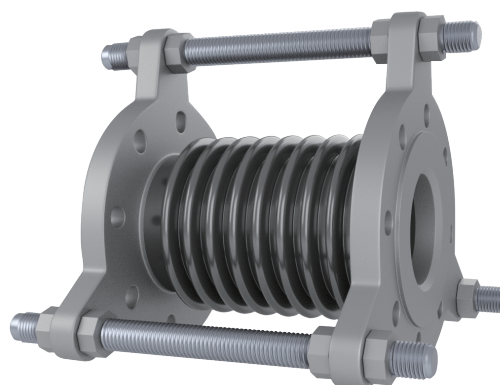

Technical data

Working Pressure: 16bar
Working Temperature: -10°C~220°C
Dimensions: DN25~DN600
Applicable Medium: Cold and hot water, refrigerant, glycol, hydrazine, etc

Material Specifications

Part Name	Materials	Specification
Flange	Carbon Steel	Q235
	Stainless Steel	SUS304、SUS316
Collar	Carbon Steel	Q235
	Stainless Steel	SUS304、SUS316
Inner Sleeve	Stainless Steel	SUS304、SUS316
Bellow	Stainless Steel	SUS304、SUS316
