

Pressure Testing Valve

Fig. 8100-PT/ET

Specification

Design in accordance with BS 7350
Thread comply with BS EN 10226-2 (ISO 7-1)
Pressure test according to standards BS6755, GB/T13927

Technical data

Working Pressure: 25bar
Testing Pressure: Shell: 37.5 bar
Seal: 27.5 bar
Working Temperature: - 10°C~120°C

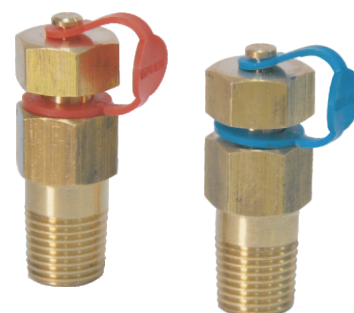

Materials

Part	Material	Specification
Cap	Brass	BSEN12165 CW602N
Gasket	EPDM	-
Body	Brass	BSEN12165 CW602N
Connection	PP	-
Seal	EPDM	-
Ring	Brass	EN 12165 CW602N

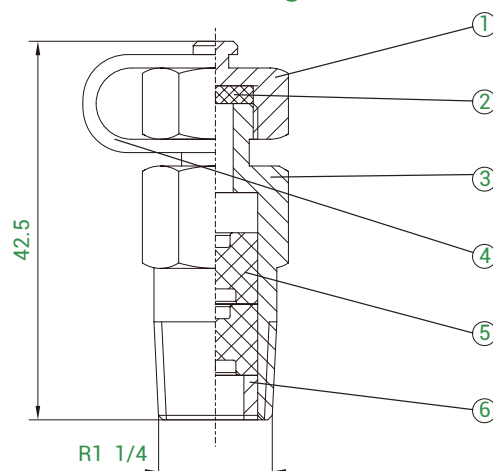

Materials

Part	Material	Specification
Extender	Stainless Steel	BS970 316 S31
